Organizational Announcement

Congratulations to **Erin Baumstark** who is promoted to the position of Associate Product Director - Knees effective immediately. Erin will continue to work from the Chicago office and reporting to John Gauger, Vice President – Knees.

Erin was recruited to Medacta USA in December 2013, as a Quality Control Specialist. She distinguished herself in this role with a keen eye for detail, sense of urgency, proactive approach and a much appreciated “can do” attitude. Erin has a demonstrated ability to work effectively across a variety of departments from Product Development, Operations, Finance and Sales. She has been an important contributor to our Healthcare Compliance program administering the Compliance Wire on line training modules. To prepare for her new responsibilities, Erin recently completed an intense six week, 340 contact hour Joint Reconstruction & Trauma course at the Medical Sales College in Denver, Colorado. Prior to her career with Medacta USA, Erin worked with Graphic Packaging International as a Quality Control Coordinator.

Erin holds a Bachelor of Science Degree in Chemistry from the University of Illinois at Chicago. While there, she was a member of the Delta Phi Epsilon Sorority serving as Chapter President. Erin also enjoys coaching youth and teenage girl’s basketball.

Please join me in wishing Erin continued success in her new assignment.

Eric Dremel
President
