## **Organizational Announcement**

It's a pleasure to welcome Brittany Siler to Medacta USA in her new role as Associate Product Manager- Spine.

Brittany comes to Medacta directly out of the Medical Sales College (MSC) where she spent her course time focused in spine and finished her coursework as Valedictorian of her class.

Previous to her attendance at MSC Brittany spent four years as a Dietitian on the surgical units at Vanderbilt University Medical Center. Brittany's experience also includes 4 separate one-month trips serving as a volunteer for the All Nations AIDS Orphanage in Mozambique, Africa where she assisted families in need and administered AIDS medications to children.

Brittany is a graduate of the University of Arkansas where she graduated Cum Laude with a Bachelor of Science Degree in Human Environmental Sciences.

With Brittany's strong clinical background and concentration in spine at MSC I look forward to a tremendous amount of success in her new role at Medacta USA!

Please join me in welcoming Brittany!

A handwritten signature in black ink, appearing to read "DS", is positioned above the name David Sponsel.
